Immediate Delivery OptionsBrowse ModelsConfigure Your OwnBespoke StudioHow To BuyInspiration Gallery Our entry level options start from £50,000/\$61,000. Every Edelweiss piano is meticulously handcrafted in Britain, showcasing our commitment to impeccable quality. With a lead time of 16-20 weeks, these bespoke instruments are truly unique, featuring internal components, iron frames, and striking casework. The Virtuoso Self-Play System and adjustable piano stool come as standard. Our showroom at Harrods, London, features a range of Edelweiss piano models on display, showcasing exceptional craftsmanship. Elmer, our new model from Cambridge-based Edelweiss, is inspired by the beloved children's character. The butterfly lid reflects the elephant's ears, and the yellow leg represents the trunk. Elmer stands out with his bright, multi-coloured patchwork skin, much like the piano itself. Our 2019 Collection includes five pianos: Klavier U46 and U52 uprights, Flügel G62 baby grand, Flügel G66 and G75 boudoir grands, and Sygnet G50, claimed to be the world's smallest. The Sygnet G50 baby grand features a vibrant Living Coral (Pantone 16-1546) finish, distinguishing it from other designs with its butterfly piano style and compact size ideal for small spaces. This model incorporates Edelweiss' Self-Play System, allowing the piano to be synchronized with audio files, providing an immersive musical experience. The new range of pianos is available in ten distinct hues, including Living Coral, which was also featured as Pantone's Colour of the Year (2019).
